PROFILE

Architect and interior designer with a B.Sc. in Architecture (El Shorouk Academy, 2022) and professional experience since 2022 across interior and exterior design. Project experience covers residential building entrances and lobbies, apartment and villa interiors, mall corridors, and commercial and administrative spaces, together with custom furniture design. Takes projects from concept through 3D modelling and photorealistic visualisation in 3ds Max and V-Ray, supported by AutoCAD and Revit.

AREAS OF EXPERTISE

Interior Design | Architectural Design | Exterior Design | Concept Development | 3D Modelling | Photorealistic Rendering | Materials and Finishes Selection | Lighting and Ceiling Design | Furniture and Joinery Design | Design Presentations

PROFESSIONAL EXPERIENCE

Architect and Interior Designer

ARCHRETE (Technical Office), Fifth Settlement, New Cairo | July 2024 – Present

- Deliver architectural, interior and exterior design for residential, commercial and administrative projects, including residential building entrances and lobbies, apartment interiors and mall corridors.
- Develop design concepts into detailed 3D models and photorealistic renders using 3ds Max and V-Ray, with post-production in Photoshop.
- Select materials, finishes and lighting for each space, including stone and wood wall cladding, feature ceilings and floor patterns for lobby and corridor designs.
- Design built-in furniture and joinery, including wardrobes, dressing units and study units, as part of residential interiors.
- Produce exterior design proposals for residential buildings.
- Selected work: entrance lobby for a residential development in Marsa Matruh; residential building entrance and lift lobby; villa master bedroom; mall retail and administrative corridors.

Interior and Furniture Designer

MY Design Studio | January 2023 – November 2023

- Designed interior architecture schemes and custom furniture pieces for the studio's projects.

Architect, Building Permits

Consultancy office for Hyde Park Developments | October 2022 – January 2023

- Responsible for obtaining building permits (licences) for Hyde Park Developments projects.
